HIGHLIGHTS

Training: Cemetery Resource Protection Training (CRPT) Workshop with the City of West Palm

In October, FPAN partnered with the City of West Palm Beach for a CRPT workshop. Participants spent the morning in the classroom, where Mallory Fenn and Katie Higgins provided information about sustainable methods to clean and protect cemetery monuments, before heading out that afternoon to practice their new skills at Evergreen Cemetery.

Education Highlight: Archaeology Merit Badge at the Jupiter Inlet Lighthouse Outstanding Natural Area

In December, FPAN SE staff partnered with the Bureau of Land Management at the Jupiter Inlet Lighthouse Outstanding Natural Area to host an Archaeology Merit Badge for the Scouts of America. Scouts camped out underneath the lighthouse and over the course of the three-day program had the opportunity to make replica artifacts, learn about the techniques archaeologists use when they investigate a site, and analyze commonalities between resource allocation across various cultures globally.
