Quarter Highlights:

- FPAN staff coordinated the first-of-a-kind for us outreach event in the Central Region, Archaeology on Tap. The event took place at First Magnitude Brewery in Gainesville with Dr. Ken Sassaman’s presentation on work he and students have accomplished over the years at Silver Glen Run as the main feature. Turnout for the event was fantastic!

- July brought on another round of summer camps in both regions. This year was no different than the past couple of years of full-on archaeology immersion, always a fun challenge for staff. Estuary Exploration takes place at the Crystal River State Preserve. Junior Archaeology Summer Camp is held at the Center for Culture and Natural History in Pinellas County at the Weedon Island Preserve.
